

ALEX COSMETIC herbs2peel

Developed from a blend of natural, biologically active herbs, the range offers customised skin resurfacing solutions to suit every need. Free from chemicals and synthetic ingredients, these professional peels work with the skin to stimulate renewal, improve texture and tone, and restore a radiant, healthy complexion.

B-Peel (Beauty Peel) 45mins \$260

A gentle regenerative treatment with no downtime or visible peeling. Refreshes and revitalises the skin. The perfect quick pick-me-up.

P-Peel (Phyto Peel) 45mins \$280

A light, plant-based peel that clarifies and revitalises the complexion. With no downtime, it restores a natural glow and improves skin texture.

C-Peel (Corrective Peel) 60mins \$799

An intensive herbal peel that stimulates deep skin regeneration. Over several days the skin naturally sheds, revealing smoother, brighter, healthier skin.

DR SPILLER FACIALS

Inspired by nature and refined by science, Dr Spiller facials replicate the skin's natural functions with biomimetic technology to restore balance, hydration, and resilience. Customised treatments are tailored to individual skin concerns, utilising advanced delivery systems for smoother, firmer, and more luminous skin.

Discovery Treatment 30mins \$120

A customised introduction to Dr. Spiller's biomimetic skincare, targeting skin concerns while restoring balance, hydration, and a healthy glow.

Lvl 1: Enzymatic Exfoliation 45mins \$150

A rejuvenating facial using a gentle enzyme peel to exfoliate and smooth the skin. Activated with steam, plant phyto-enzymes dissolve dead cells to reveal softer, brighter skin with renewed hydration and clarity.

Lvl 2: Infusion Treatment 60mins \$180

A deeply restorative facial using a peel-off mask that warms and cools the skin to enhance ingredient absorption. Targeting skin concerns and infused with active botanicals for radiant and refreshed skin.

Lvl 3: Collagen Treatment 60mins \$210

Advanced collagen freeze-dried fleece masks stimulate cell renewal, deliver intense hydration, and enhancing smoothness for a plump, radiant complexion.
